

What our parents say about St. Francis School

- ☞ We love the well-balanced education of mastering reading, math, arts and science, while studying the values of our Catholic faith.
- ☞ As an alumni I know firsthand, the quality of education I received and how much the school fostered my love for Jesus and my neighbor.
- ☞ With support from our families and a few prayers along the way, paying tuition is no different than our other monthly phone, cable or other household bills.
- ☞ The supportive staff cares about my children. They are a name, not just a face.
- ☞ My children feel safe here, and the principal knows every student's name.
- ☞ Teacher quality and commitment is superior.

What our faculty says...

- ☞ It's like our community is one big family.
- ☞ Our small class sizes allow us to be more involved and focused on each student.
- ☞ It is wonderful to pray with our students and to be free to answer questions on religion.
- ☞ I'm proud to be a part of a school where our children learn tolerance, compassion, and diversity.
- ☞ Our diversity is dynamic by serving all ethnicities, military families, and those families that are new to the area or 2nd generation students.
- ☞ We feel we belong here. That's why faculty turnover is so rare.
